*Now everything is settled,
The creatures from above
Have learnt their lesson
Because we told them to stop!*

The creatures from above
Have learnt their lesson
Because we told them to stop!*

*If we work all together,
There's so much we can do.*

*We'll take care of the ocean
But with your help, too!*

The creatures from above
Have learnt their lesson
Because we told them to stop!*

The creatures from above
Have learnt their lesson
Because we told them to stop!*
